NASHVILLE Tenn . March 25. Radam's Microbe Killer Co , Nashville, Tenn Gentlemen-La reply to yours, inquiring of my health as the present date, will say I am well, having had but one spell of illness since my last tes imonial of 1889; that was blicus fever last August. I nad quit taking Microbe Killer for about five months, having had no need for it. I broke up my fever and started to work the first of September and have not lost a day from illness of any kind. I now feel as though I was antirely cured, but through fear of another attack I continued the use of it through this dasagreeable weather. My lungs are surely in good condition as I play first b. flat cornet in Baxter's First Tean. Regimental Band, and feel no bad off cte from it. And any one knows it requires power from the lurgs to use this instrument. I cheerfully recommend it to all of a weak constitution like myself. I have used fifteen jugs and have experienced nothing but the post of results, and can safely say it is not icjurious to the system, but on the other hand gives tone and vigor. Very truly, W. C. HAWKINS.
